Three unique residences sharing 17,448 square feet of land make this enclave perfect as a legacy compound, family estate, retreat venue, or shared ownership among close friends. Four bedrooms, five baths with two half baths, two full-size garages, ample off-street parking, a fifty-foot lap pool, and a well-thought-out hardscape with meandering paths flanked by lush vegetation leading from one residence to the other. Enter the property through a charming private gate where mature landscaping and garden areas lead you to the first of many shaded patios. The property also benefits from being within walking distance of the beach and numerous restaurants and cafes.
